D.No. 6441 S.N.1-

St. Aloysius School is now a Lower Secondary School with classes up to III Form.. The proposal is to raise its status to that of a High School as a temporary measure with the opening of the IV Form in the first instance. If once the IV Form is opened V and VI Forms should necessarily be added in the 2nd and 3rd years..

2 In considering the application, the question has to be examined from two main points of view, namely, (1) the educational needs of the locality and (2) the financial stability of the school.

(1) Educational needs of the locality..

3 The school now serves the northern part of the Station consisting of Richards Town, Fraser Town, St.Johns Hill, Cleveland Town and the new Cooke Town.. The tendency is for the area to extend further.. The only two Boys' High Schools in the Station, namely, R.B.A.N.M's High School and St. Joseph's High School are concentrated in an area far south and it seems that there is a strong case for having a High School to serve the area on the farther north.

(2) Financial Stability of the School..

4 The Management reckons that the additional class will be self supporting. The Inspector recommends the recognition of the IV Form on the understanding that such recognition does not necessarily entail an increase in the teaching grant The payment of teaching grant is governed by Rule 34 of the Grant-in-Aid Code and after formal recognition is accorded, the admissible grant cannot very well be withheld at least after the probationary period is completed.. With the opening of the IV Form teachers with higher educational qualifications as prescribed in rule 13 of the Madras Educational Rules and on scales of pay prescribed in the

Resident's Proceedings No. 2431/271-1931, dated the 7th April 1932, will have to be employed. The proposal must therefore eventually entail additional expenditure.

Submitted for orders whether the school may be permitted to open Form IV.

may be opened.

Draft submitted.

OFFICE OF THE HON'BLE THE RESIDENT IN MYSORE, BANGALORE. 26 JUN. 1939 Diary No. 6441 From..... File No.....

Dated 24th June 1939.

From

M.S.H. Thompson, Esq., B.A., I.E.S.,
Inspector of Schools,
C. & M. Stn. Bangalore.

To

The Secretary to the Hon'ble the
Resident in Mysore,
Bangalore.

Sir,

I have the honour to forward herewith a copy of letter dated 6th June 1939 from the Correspondent, St. Aloysius Secondary School, Bangalore, requesting permission to open Form IV at the school.

The school is not sufficiently well equipped at present to be declared an efficient high school, but additions to the science equipment are being made, and it is proposed to extend the classroom accommodation as well, as shown in the rough plan that accompanies the formal application for permission to open the additional class (made under Rule 54 of the Madras Educational Rules).

With steady improvement in the organization of the work in the lower forms and in the qualifications of the staff employed, the results of the Lower Secondary Examination have been steadily improving, with the result that a larger number of boys have been seeking admission into the high school forms than formerly. The figures for the last two years are as follows for the three schools sending up the largest number of candidates for the examination:

	No. of candidates who passed in 1938.	1939.
1. St. Joseph's Indian High School.	47	82
2. R.B.A.N.M's High School.	57	77
3. St. Aloysius Secondary School.	31	55

As the accommodation of the first two schools remains the same, it is not inadvisable to open Form IV at St. Aloysius Secondary School to explore the possibility of starting an additional high school in the Civil and Military Station to serve the educational needs of the North end of the town. It is not improbable, it may be mentioned in this connexion, that the Municipal Elementary School at Ulsoor will be raised in grade in the near future - for there is a growing demand for a type of education that does not end with mere literacy - and with one more higher elementary school in the station the number of pupils seeking admission into Form IV will be still further increased.

In the circumstances I am in favour of opening one section of Form IV at the St. Aloysius Secondary School, especially since the class will be under the supervision of Father Browne, who as former Principal of St. Joseph's Indian High School is particularly well fitted to develop the school, in stages, into a high school. I therefore recommend that temporary recognition be given to Form IV on the understanding that such recognition does not necessarily entail an increase in teaching grant. This condition Fr. Browne has agreed to, since he reckons that the additional class will be self-supporting.

I have the honour to be,

Sir,

Your most obedient servant,

23/4

Inspector of Schools,
C. & M. Stn. Bangalore.

Letter dated 6th June 1939, from the Correspondent, St. Aloysius Secondary School, St. John's Hill, Bangalore, to the Inspector of Schools, C. & M. Stn. Bangalore.

During the past few years the town extensions to the North and North-East of St. John's Hill have grown very rapidly and the number of school going boys have increased in consequence. The parents of students attending St. Aloysius Secondary School have persistently been requesting the management to open out the High School classes, since they find it difficult to send their boys every day two or three miles to procure the High School training.

They complain that the only two other High Schools for boys are over crowded and even when they are prepared to incur the extra expense of conveyance to send their boys there, they are often refused admission for want of space.

To satisfy this growing demand, the management of St. Aloysius is now prepared to make a start by opening out one section of the IV Form for the benefit at least of those pupils who passed the recent Lower Secondary Examination from this centre. The number of boys who passed from this school is 55, and we have been requested by many of their parents to approach you, Sir, on this matter.

We shall, therefore, feel very grateful, if you can obtain for us the required permission and recognition to satisfy the earnest demand of the parents and pupils from this locality.

The Inspector of Schools,
Bangalore.

Sir,

I am directed to refer to your letter No.1640/B.60/39, dated the 24th June 1939.

2. The Resident ~~is pleased to accord~~ sanctions to the opening of the Fourth Form in St. Aloysius School, Bangalore, as a temporary measure subject to the provisions of Rule 54 of the Madras Educational Rules and on the understanding that it does not entail an increase in the teaching grant. The orders contained in the Resident's proceedings No.2431, dated the 7th April 1932, should be observed when employing teaching staff.

I have, etc.,
